

BEEER HOUSE

Beerhouse is committed to being a tasting room for the burgeoning beer industry, supporting local micro-breweries and giving them a podium on which to shine.

Since 2013 we have curated a large library of beer which we are very excited to share with you. We are the instigators, propagators and curators of the Beer Revolution, and we're inspired to help you navigate its exciting landscape.

Please ask one of our navigators for our food men. Enjoy the wonderful world of beer and food-matching with our favourite pairings from our "Meet The Brewer" events.

This is followed by our beer library. A beer tasting compass, so that you can navigate through various flavour profiles of beer. A tap list with a great variety of beers, from light lagers to dark beer and everything in-between. This is followed by a 99 bottle list divided into taste profiles for ease of navigation.

We're glad you're able to join us in enjoying the world's oldest and greatest beverage. Enjoy the journey.

Please let us know how we are doing and share all praise on Facebook, Instagram, Zomato and Google, and please send all constructive criticism to onlong@beerhouse.co.za for us to improve on. And remember: Share all pictures using our hashtag #atBEERHOUSE to win vouchers for free beer!
